DPD-5255-59

5 August 1959

MEMORANDUM FOR: Cable Secretariat

SUBJECT : Cable Dissemination

REFERENCE : CSSOP-210-120-DPD, dated 13 February 1959

25X1
25X1
1. Effective 27 July 1959, Development Projects Division assumed responsibility for technical aspects of all Far East Division air activities. At the same time the indicator [] was published to designate Development Projects Division as the action party on all messages carrying this slug. ED/P Publications is currently preparing to disseminate a Glandestine Services Notice on assignment of the [] indicator.

2. The result of above will be the assumption by Development Projects Division of technical air matters on a world-wide scale. Increase in action in DPD has already been noted and a re-evaluation made of the number of copies of cables required.

3. Present distribution is four copies of all cables except [] which is three. It is requested that these numbers be increased to six on regular cables and four on []. This distribution should also include those cables in which DPD receives an info copy due to the fact that frequently action on them is transferred to DPD. It is expected that when other components of ED/P become familiar with DPD activities, the number may be decreased. However, it is felt that at the present the number of copies requested is required. A re-evaluation will be made in 30 to 60 days and the Cable Secretariat notified.
